Subject: Empanelment / Engagement of Junior Research Scientist (3), Technicians (2) & Helper (1) purely on short term contract basis in the National Institute of Solar Energy under UNDP-GEF Project on “Solar Concentrator based Process Heat Applications in India”

National Institute of Solar Energy (NISE) is an Autonomous Institute of Ministry of New and Renewable Energy, Government of India recently created by converting its erstwhile Solar Energy Centre to function as an Apex National Centre for research and technology development and related activities in the areas of Solar Energy Technologies in the Country. NISE is located on a 200 acre campus at the Gurgaon- Faridabad Road, Gwalpahari and Gurgaon. The Institute works on development of Solar Energy Technologies and practices and contributes in advancement of related Science and Engineering. The R & D activities of NISE are carried out in coordination with other research organizations and industry.

UNDP-GEF project on ‘Market Development and Promotion of Solar Concentrator based Process Heat Applications in India (India CSH)’. The major objective of the project is to increase the use and promotion of CSH systems for low and medium temperature process heat applications. This will be achieved by the integrated removal of the key barriers that prevent the wider adoption of CSH technologies in India. NISE is providing the necessary support in developing a test set up for concentrated solar thermal technology for the UNDP GEF project.

NISE invites applications from suitable candidates for their empanelment / engagement under the following categories.
